WordPress phpMyAdmin SFTP

BigCommerce Salesforce

Libraries

Material UI Redux Bootstrap

Axios jQuery

Languages

JavaScript HTML5 CSS3

SQL Python Apex

Professional Experience

Afterpay Touch

Software Engineer

Jun 2019 - Present

- Architected and developed a user interface redesign of an SMB Shopify Onboarding app to increase client self-installation rates.
- Integrated, QA tested, and deployed Afterpay functionality to merchant websites on various E-commerce platforms.
- Decreased dropped support inquiry rates by developing a merchant technical support form in Apex.
- Created crucial file conversion software that allowed high profile merchants to launch early.
- Frequently used various web services (AWS, Salesforce, RESTful APIs)

Side, Inc.

Implementation Engineer

Jun 2018 - May 2019

- Deployed and developed software for improved client onboarding.
- Developed a Material UI React component to automate DocuSign user creation, reducing time of setup from several minutes to seconds.
- Spearheaded the creation of a WordPress content automation tool, resulting in a 25% decrease in website development time.
- Contributed large improvements to the website template GitHub repository, decreasing the amount of manual tasks needed for website setup.
- Identified potential improvements to client onboarding and brainstormed solutions with colleagues across different departments.

Implementation Specialist

Apr 2018 - Jun 2018

- Implemented client systems and website setups/updates for over 70 unique accounts.
- Participated in both kanban and scrum methodologies involving sprint planning, daily standups, and retrospective.
- Demonstrated excellent autonomy and development skills, leading to a promotion and title change.

UC Berkeley Extension

Full Stack Instructional Aide

Nov 2018 - May 2019

- Responsible for fostering the web development skills of over 25 students.
- Enabled students to learn at a rapid pace through active communication.
- Enforced best coding practices through detailed documentation on student assignments.
